MONIL PANCHAL

+91 70165 65034 | panchalmonil22@gmail.com | Ahmedabad, Gujarat, India | LinkedIn | GitHub

Summary

Results-driven AI/ML, backend, and data analytics engineer with hands-on experience building scalable APIs, analytics workflows, and machine-learning solutions. Strong in Python, FastAPI, Django, SQL, data visualization, and ATS-friendly resume writing.

Skills

- **Languages & Querying:** Python, SQL, JavaScript, TypeScript
- **Backend:** FastAPI, Django, REST APIs, API Integrations
- **Frontend:** React.js, HTML, CSS
- **Data & ML:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
- **Tools & Cloud:** Git, GitHub, Jupyter Notebook, AWS

Experience

Data Analyst **Freelancing** *Remote, India* 2025 - Current

- Delivered custom analytics and reporting solutions for small and mid-sized businesses.
- Collected, cleaned, and transformed raw data from Excel, CSV, and SQL databases.
- Helped stakeholders identify trends, improve reporting quality, and support data-driven decisions.

Python Developer (AI/ML) Intern **BrainerHub** *Ahmedabad* 2024 - 2025

- Built and optimized backend features in Python for client-facing solutions.
- Created REST APIs using FastAPI and Flask for business logic and data processing.
- Prepared visual reports and collaborated with product and frontend teams to ship end-to-end features.

Projects

Movie Recommender System

Python, FastAPI, React, Pandas, NumPy, Scikit-learn

- Developed a full-stack recommendation system with frontend, backend, and ML layers.
- Implemented content-based recommendation logic using cosine similarity and metadata features.
- Built a clean React UI and FastAPI APIs for real-time recommendations.

Certifications

Python and SQL Certification 2022

- DataCamp / HackerRank / CodeChef

The Fundamentals of Digital Marketing 2024

- Google

Education

International Institute of Information Technology Bangalore (IIITB) 2022 - 2023

Post Graduate Diploma in Data Science

- Hybrid | CGPA: 3.57 / 4.0
